## Presidents Corner

Hope everyone had a good Holiday Season. Now that we are in the cold of winter and are looking for something to do, the club has a few upcoming events. The Ice Derby at Lake Audubon will be held February 12th and the Cabin Fever will be held on March 5th. Contact a board member for tickets.

Plans have been made to put a fish cleaning station at Kniefl Landing (Misty Waters) in the spring. If any member would like to take on a project, the green area at Misty Waters needs to be done.

We are looking for a Kids Day Chairmen and both Boat Ramp Chairmen. Please help the club and volunteer.

May 21st is our Spring Derby. We are hoping the rocks will be gone and the ramp repaired. We will try and keep everyone up to date on the project.

I would like to thank all the members that were elected for their services. We need volunteers to make the club run so remember to volunteer. Hope to see you at the club events!

Thank-you  
President  
Wayne Blohm

# DEAN HILDEBRAND PARK

After Dean Hildebrand retired from the North Dakota Game & Fished Department, (ND G & F) he and I fished frequently. The subject of the Prison Property came up frequently as what should happen to the riverfront in the future should it change uses. Dean's vision was to make it into a park area for people to enjoy the outdoors. His vision was to build a boatlanding, provide area for bank fishing and leave the rest natural.

The last legislative session there was talk of selling this parcel of land to help pay for a new penitentiary. There are groups of people now forming to have a hand on the land use of this area. Some are in favor of selling the entire chunk for development; others would like a variation of leaving as is to partial and full development.

Here are my feelings about this area if it should change uses. With Sibley Park closed by, that boatlanding should be closed as it is not useable most of the time. Sibley Camping and playground use should continue.

The river front erosion should be stabilized; river channel should be cleaned of debris. A place should be provided for bank fishing. A new boatlanding should be built on the prison land. The treed river front should be left primitive for nature lovers. Hunting on some of the land should be allowed to keep animal populations in check.

If this area is allowed to develop into housing it will be lost forever for the average citizen to view and use the river. One needs to go to the public areas that are along the Missouri River between Bismarck/Mandan that allows public access to see the usage.

Reel & Rec. should get involved to keep this in public hands.
